

Dunkirk Camp & Conference Center
COVID Information 2022

The Health and Safety of our Campers and Staff is our highest priority as we prepare to open the 2022 camp season.

At this time COVID restrictions have been lifted. We will no longer be requiring masks and COVID testing to come to camp. We will continue to follow NYS and CDC guidelines if there are any changes and will update this information via our website (www.dunkirkcc.com) and other social media sites.

Please take precautions before coming to camp. If you or your child feels sick or are running a fever, you should have a COVID tested before coming to camp. Vaccines are not required, but if you have had one, please upload your vaccine card with your medical forms or bring it or a copy of it with you to camp.

We will continue to have hand sanitizer stations set up throughout camp for your use and we will also have tents set up outside for more space and social distancing when necessary.

Disposables will continue to be used for most items in the Dining Hall, however, self-serve stations will be back in place.

Feel free to contact our Camp Office if you have any questions @ 716-366-1900 or by emailing our Camp Manager, Anne Wilmot. exec.director@dunkirkcc.com
